Does your company verify the alarm prior to dispatching the police or calling me?

Does your company provide comprehensive protection?

Will your company work to void police fees for false alarms not caused by me, and pay the fees if they are not voided?

Does your system have the ability to provide specific details about a crime in progress to responding officers?

Is your monitoring center local to my area?

Do you offer a refund if I am not satisfied with my system?

If I experience emergency service needs on my equipment, will you come to repair it in less than two hours?

Can you guarantee that I won't be charged for normal maintenance?

Will you compensate me for my losses if you fail to detect an intrusion?

Better & Different? **You Decide.**
