

OPEN DOOR

BAPTIST CHURCH

Bringing people from spiritual infancy to spiritual maturity

To Whom It May Concern:

Open Door Baptist Church has been a customer since 1985, and we have been absolutely satisfied for the entire relationship. Secure Pacific has always been there for us and things seem to be seamless. Not only has Secure Pacific been professional and outstanding in regards to service, they save us money by eliminating false alarms. This keeps our credibility with the local law enforcement agencies and allows for us to have peace of mind that our Church is being protected. We highly recommend Secure Pacific and their product. You can't beat it!

Sincerely,

Kurt Kennedy
Open Door Baptist Church
