

I wanted to let any potential client of Secure Pacific know that Plateau Shell in Sammamish, WA has been a long time client of Secure Pacific and has had a very pleasant and professional business relationship with both the analyst and other technicians within the Secure Pacific team. They not only assist in routine alarm maintenance in an expedient manner, but also provide insight and advice on properly securing our property. Their on-site technicians are expeditious, courteous and knowledgeable. I can't say enough good things regarding this company and the business services they offer. I look forward to our continued relationship in the future!
